Subj: Former Temporary Accumulation Area (TAA) 462
Former Marine Corps Air Station, El Toro

Provided for your review as the attachment is the Summary Report for the former Temporary Accumulation Area (TAA) 462 at the Former Marine Corps Air Station, El Toro. Former TAA 462 is located in the southeastern section of the Station on an aircraft concrete parking apron, northeast of Building 462 (former aircraft maintenance hangar). TAA 462 was identified as Solid Waste Management Unit (SWMU) Number 140 during the Resource Conservation and Recovery Act Facility Assessment (RFA). Former TAA 462 consists of two concrete pads, and each pad is surrounded by a concrete curb or berm. TAA 462 encompasses an area of approximately 288 square feet (approximately 12 feet wide by 24 feet long).

We reviewed historical records and conducted visual inspections of former TAA 462 in early September 2002. No significant stains or discolored areas were observed on the two concrete pads of TAA 462, the concrete curbs and berms that surround the pads, or the adjacent parking apron surfaces. Additionally, no significant cracks were observed in the concrete surfaces at or near the TAA. Based upon our observations from visual inspections and our review of the historical data, we are recommending that no further action status be designated for former TAA 462 in the next BRAC Business Plan update. If we do not receive comments from your office within sixty (60) days of receipt of this transmittal, then we will assume that you concur with our recommendation to designate no further action status for TAA 462.

Please do not hesitate to call me at (619) 532-0783 if you have questions on the attachment.
Thank you very much.
